

PROTECRSS PRE-CUT CRICKET

1/4" (2%) Cricket Series

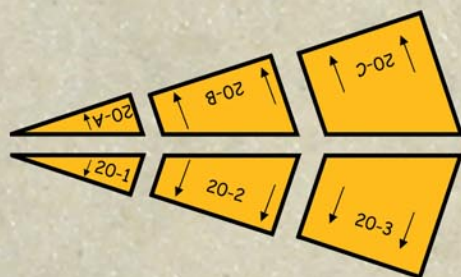

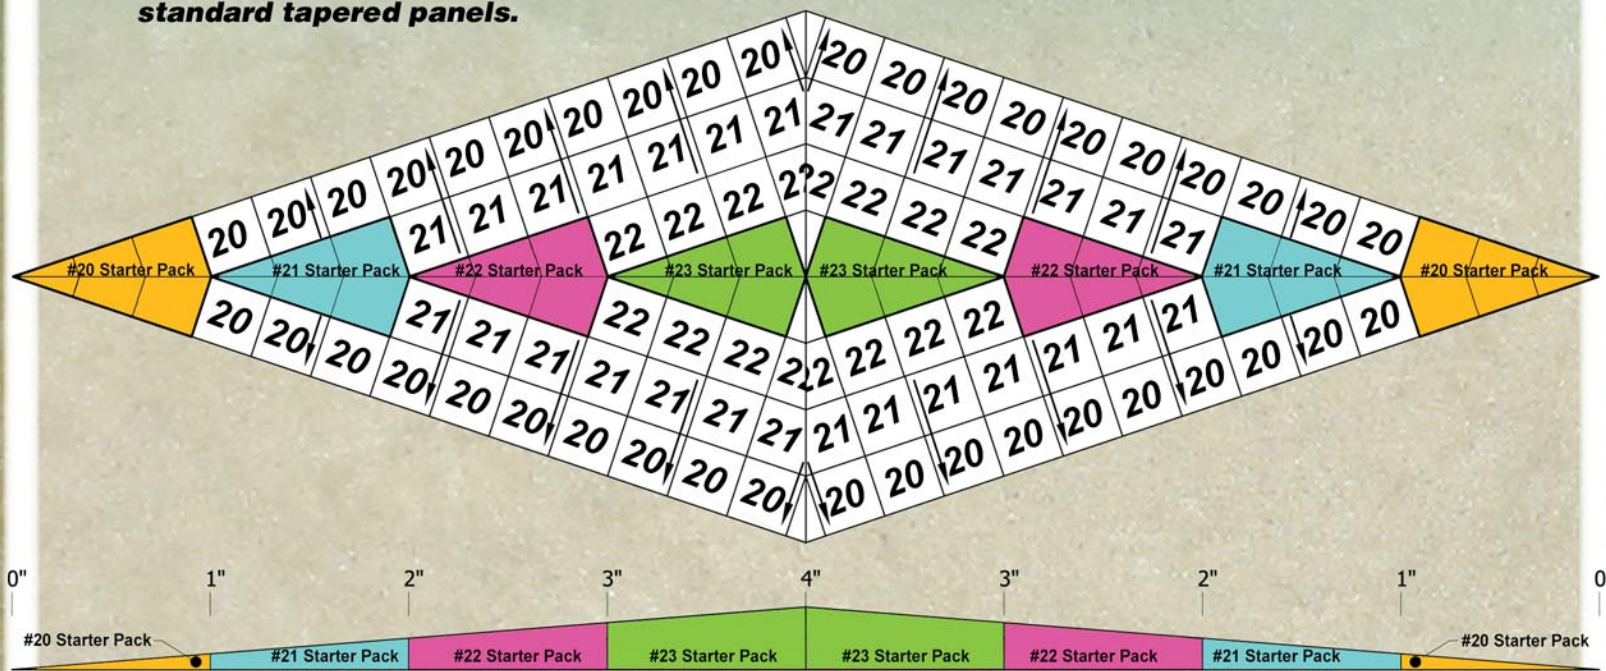

ModulR TS Insulation Technology

(3% and 4% series also available)

Membrane-ready
No overlay boards required

Panels tapered down to 0"
No on-site modifications
required at edge

Pre-mitered, pre-tapered starter pack panels are easy to use and save time on the jobsite. Simply lay out the starter packs and fill in the rest of the cricket with our standard tapered panels.

Each starter pack comes with 6 pre-mitered and pre-tapered pieces. Each piece is clearly identified with arrows pointing to the low side for ease of installation.
